Primarily for students in animal or biological sciences or veterinary medicine. Mammalian physiology and cellular mechanisms. Physiology of the cell, embryology, and neuro-sensory, neuromuscular, endocrine, and reproductive systems. | | 2/6/15 | | |
| **VMED 646 - Animal Physiology II** | Change of Description
Prereq: For ASCI/VBMS *846/BIOS *814: An undergraduate course in biochemistry or biology or physiology. ASCI 845 or VBMS 845 or BIOS 813. For VMED 646: First year standing in and admission to VMED. ASCI/VBMS *846/BIOS *814/VMED 646 is designed for students in animal or biological sciences or veterinary medicine. Mammalian physiology and cellular mechanisms. Physiology of the digestive, cardiovascular, respiratory, and renal systems. | | 2/6/15 | | |
Approved a Pre-Law/3-3 Program curriculum for Forensic Science students with UNL’s College of Law.

1 If you have specific questions or concerns; please visit with your CASNR Curriculum Committee Representative to discuss the specific agenda item.

Any unit or group of at least five (5) faculty may challenge a decision of the Committee that requires faculty action by filing a written objection. The unit administrator will coordinate the written response to the Dean by February 23, 2015. Unless the concerns can be resolved with clarification, revision and/or withdrawal and re-submission, the matter in question will be brought before the full faculty for discussion, debate and vote. If no written objections are properly filed, the action will be considered approved by the College faculty and either implemented or forwarded to the appropriate University Committee (University Curriculum Committee, Graduate Council and/or Academic Planning Committee) with the faculty recommendation for approval.

2 The CASNR Curriculum Committee serves as the Parent Unit for the following degree programs:

No approval needed
