

**Pre-Secondary Education – Skilled & Technical Sciences Endorsement (ITAS2)
Associate in Applied Science - Transfer
To Bachelor of Science in Agricultural Education - UNL**

This guide lists MCC courses that meet the requirements for an ITAS2 degree and prepare the student to transfer into the Agricultural Education program at UNL. Every effort has been made to insure accuracy however, students should meet with an MCC advisor at least twice a year to review requirements for their intended degree. UNL may have more specific requirements. Students intending to transfer should also speak with an UNL advisor to insure the optimal number of credits transfer. Only Courses with a grade of C or better will transfer and students must have a minimum overall grade point average of 2.5 or higher. Students who have been awarded the Associate in Science Degree in Pre-Secondary Education – Skilled & Technical Sciences Endorsement from Metropolitan Community College will be permitted to enter with junior class standing in the College of Agricultural Sciences and Natural Resources and to transfer the maximum of 90 quarter hours/60 semester hours earned.
