<b>FDST 455 - Microbiology of Fermented Foods</b>	Course Change Request: Because a background in Microbiology is sufficient to understand topics presented in FDST 455/855, we propose editing the course to change the pre-requisite from FDST 405 (Food Microbiology) to BIOS 312 (Microbiology) to make the course accessible to a larger number of students across campus.	10/28/22	11/14/22
